INTRODUCTION AND OVERVIEW

A number of changes have been made to the Sports Capital & Equipment Programme so please read this guide fully and carefully before applying online.

All applications, including supporting documentation, must be submitted online. Applications by post or email will not be accepted and will be returned.

If you have not previously registered, your organisation must register on the website first and your organisation must have a Tax Registration Number from the Revenue Commissioners to register.

The deadline for registration is 5pm on Monday 1st February 2021

The deadline for applications is 5pm on Friday 12th February 2021

The Sports Capital & Equipment Programme (SCEP) is operated by the Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media and provides grants to assist in the development or refurbishment of sports facilities and the provision of sports equipment.

The Programme's objectives are to:

- Assist voluntary and community organisations, national governing bodies (NGBs) of sport, local authorities and Education and Training Boards and schools to develop high quality, accessible, safe, well-designed, sustainable facilities in appropriate locations and to provide appropriate equipment to help maximise participation in sport and physical recreation.
- Prioritise the needs of disadvantaged areas and groups (such as people with disabilities) in the provision of sports facilities.
- Encourage the sharing of sports facilities.

Who can apply for a Grant?

Grants are available to voluntary, not-for profit¹ sports clubs, community groups, NGBs, and local authorities. Third level colleges², Education and Training Boards (ETBs) and schools may only apply for funding jointly with sports clubs or organisations.

¹ The programme only funds organisations where all the income of the organisation is used to fund the activities of the organisation and is not paid to the owner(s) – the Department may seek proof of not-for-profit status.

² Sports clubs within schools and third level colleges are not entitled to apply for funding even when joined to another applicant.

Non-compliance with the terms and conditions of the Programme

Submission of false or misleading information to the Department at any stage is treated very seriously. Any organisation that does not comply with the terms and conditions of the Sports Capital & Equipment Programme may be subject to inspection, have their grant withdrawn, be required to repay all or part of a grant and/or be barred from making applications for a period of time.

All serious breaches of the terms and conditions of the Programme will be notified to An Garda Síochána.

Registration

Any organisation that wishes to make an application must first be registered at www.sportscapitalprogramme.ie. A separate guide is available to the registration process at <https://www.gov.ie/pdf/?file=https://assets.gov.ie/22797/f06644c4005443e9885aad54e1b185c4.pdf#page=1>. The Department has created a “how-to register” video at <https://www.youtube.com/watch?v=LDI-L2I5JXQ&t=8s>

The deadline for registration is 5pm on Monday 1st February 2021.

Application Deadline

All applications must be made by 5pm on Friday 12th February 2021. The online system will be shut down at this time and no late or partial applications will be accepted. If you have not clicked the “Save and Submit” button on the final page of the application form by this deadline your application will not be considered. You are strongly advised to start the application process as soon as possible as it may not be possible for the Department to help you nearer to the deadline due to the volume of calls and emails.

When you have submitted your application you are strongly advised to save and/or print a copy of the “Grant Application Submitted” page. You may need this later as evidence of making your application.

Applications by post or by email will not be accepted.

How to apply

The only way to apply for grants is on the Online Sports Capital Register (OSCAR system) at www.sportscapitalprogramme.ie. The website also allows those registered to view previous applications, grants and payments, change contact details, seek payment of a grant and otherwise communicate with the Department.

To make an application go to www.sportscapitalprogramme.ie and log in using the tax registration number and password used at registration stage.

The application wizard will guide you through the application process and you can save and review your work as you fill out the form. As the system will log you out after a period of inactivity it is important that you regularly save your application using the “Save” button at the bottom of each page. You can return to it later by clicking on the EDIT/SUBMIT DRAFT APPLICATION button on the dashboard when you have more information or electronic documents ready to upload.

On each page some fields are mandatory. If you try and proceed without filling in these fields text will appear beneath each mandatory field stating what needs to be added.

Applicants must note that funding is limited and that this is a competitive process. Simply meeting the minimum criteria does not guarantee funding.

Where can you get advice on how to apply?

For advice on how to make an application:

- read this guide.
- read the frequently asked questions [add link]
- view our YouTube “how-to” guides [HTTPS://WWW.YOUTUBE.COM/CHANNEL/UCQ1kBv-FA7QcFMU8CDRIStG](https://www.youtube.com/channel/UCQ1kBv-FA7QcFMU8CDRIStG).
- email SportsCapitalProgrammes@tcagsm.gov.ie.
- you can download a blank sample application form at www.gov.ie/SportsCapital (this is only a sample form and all applications must be made on the online OSCAR system).
- phone the Department – see <https://www.gov.ie/en/service/d13385-sports-capital-programme/#further-information> for the number of the person dealing with your county.

Technical matters

It is recommended that you do not have your application open in more than one browser window or tab at the same time.

Uploading supporting documentation

The OSCAR system will guide you in uploading certain documents at certain stages of the application process but you must make sure that you upload all the correct/required documentation for your application.

Please upload any multi-page documents as a single upload rather than a separate upload per page.

It is important to note the following:

- The documents to be uploaded can be in the following formats only: PDF, GIF, JPG, JPEG, TIF, TIFF, BMP, PSD and PSPIMAGE (word documents or other editable files cannot be used)
- Electronic files that are password-protected or have other security restrictions applied will be rejected by the OSCAR system
- Ensure that you close out of any electronic files on your computer prior to uploading them with your Registration or Application
- The maximum file size for a single uploaded document is 5 megabytes
- File names should consist of only alphanumeric characters i.e. a - z, A - Z and 0 through 9 and spaces, no other characters are permitted.
- It is your responsibility to make sure that you upload the correct documents

Failure to follow these rules will result in the system not accepting your documents which may invalidate your application.

Common Pitfalls

Below are some of the most common pitfalls that made applications invalid under previous rounds of the SCEP:

1. **Title/Access to the land where the project is being developed** – title/access templates (appendix 4 and 5 of this guide) have not been provided, amended, not signed, not dated or not fully completed
2. **Own Funding** – loan offer or bank statements not provided, provided without the applicant's name or not dated within 3 months of the application deadline
3. **Wrong documents uploaded** – or the same document uploaded multiple times
4. **Application not started on time** – organisations that do not start their application early run the risk of encountering technical or other difficulties that cannot be resolved before the deadline.

Summary of documents required

Full details of the documents required are set out in the section of this guide dealing with the relevant page of the application form. Below is a **summary** checklist of what you will need. **No other supporting documents will be considered by the Department.** The Department may contact you during the assessment period if clarifications or additional documents are required.

Document	Compulsory?
Letter from your national governing body of sport confirming regional status of project	Compulsory for all regional applications
Quotation/estimate of the cost of your project	Compulsory for all applications

Proof of own funding	Compulsory for all applications. Loan offers must be filled in on the template at appendix 1.
Evidence of planning permission/ planning application or evidence that planning permission is not required	Optional but extra marks are awarded at assessment stage (see section on planning permission for details).
Licence agreements between groups as evidence of sharing of facilities	Compulsory for all schools, Diocesan Trusts, Education and Training Boards and 3 rd level college applications. Optional for others but extra marks awarded for the sharing of facilities.
Evidence of ownership of site	Compulsory for all applications for capital works where the organisations have chargeable title to their land. Solicitor must complete the template at appendix 5
Evidence of access to Site	Compulsory for all applications for capital works where the organisation does not have chargeable title to their land. In such cases the organisation can apply for a maximum of €50,000 for capital works. Owner/landlord must complete the template at appendix 4

Templates

The Department has provided templates that must be used to provide certain information. These are all set out in appendices to this guide or they can also be downloaded from the page of the online application form where the template is required. These should be filled out, signed by the relevant person, scanned and uploaded as part of your application.

All sections of the templates must be filled out and the existing text must not be amended or qualified in any way. Inserting phrases such as “without prejudice” may render the application invalid.

Joint Applications – Schools, Diocesan Trusts, Education and Training Boards and 3rd level college

Third level colleges, Education and Training Boards (ETBs) and schools may apply for funding but can only do so jointly with sports clubs. Sports clubs within schools and third level colleges are not entitled to apply for funding even when joined to another applicant.

Local Authorities may make joint applications with local clubs and groups but this is not a requirement.

The organisation that owns the land where the project is proposed must make the application on the OSCAR system³. The details (name and tax registration number) of the organisations being joined to the applications must be added during the application process. All organisations involved must be registered on the OSCAR system.

If you are a sports club making a joint application you cannot make a separate application under your own name.

See page 16 for more details on how to provide evidence of the sharing of facilities.

Sharing Facilities

Clubs and organisations (other than those listed above under Joint Applications) may also gain extra points at assessment by sharing their facilities with other local clubs/groups and/or schools.

Multi-use community centres (not owned by a single sports club) and ETB run Outdoor Education Centres will be awarded points for sharing without the need to provide licence agreements.

See page 16 for more details on how to provide evidence of the sharing of facilities.

Making more than one Application

Only Local Authorities, National Governing Bodies of Sport, Diocesan Trusts and Education and Training Boards can make more than one application under each round of the SCEP.

As funding is scarce only one application per site is allowed. The Department may amalgamate multiple applications from the one site or for the one group of users.

Invalid Applications

In the first stage of the assessment process all applications are validated. If any shortcoming that would invalidate your application is identified (e.g. incorrect/missing document) you will be contacted and given the opportunity to rectify the shortcoming by a specified deadline. If the issue has not been satisfactorily addressed within the stipulated timeframe, the application shall be deemed invalid and receive no further consideration.

Applications for Sports Equipment only

Groups only applying for sports equipment do not need to fill in all of the application form. Instead, the system will guide you to the pages you need to fill in.

³ For schools where the Minister for Education owns the land see page 16 for more details

The only supporting documents that you must supply are a bank statement or loan offer (using the appendix 1 to this guide) showing that you have a minimum of 5% of the total project cost in savings and a quotation(s) for the works being applied for.

Please note that the maximum value of maintenance equipment that can be applied for is €30,000. Equipment grants of over €50,000 will only be awarded in exceptional circumstances (such as to NGBs).

APPLICATION FORM PAGE 1: PROJECT DETAILS

Project title

This should be a few words to identify the project in the future such as “main pitch drainage”, “rowing boats and oars” or “gym equipment.”

Summary

Please provide a short (800 character maximum including spaces and punctuation) summary of what you are applying for. The summary should describe your project and how these new facilities or equipment will increase the number of active participants in your sport(s) (including increasing female participation) or improve performance. Any targets should be specific, measureable and realistic. In planning facilities, applicants should consult widely with potential users including children and young people. National Governing Bodies of Sport should provide details of where equipment will be used and the value of the equipment to be used at each location as this will be taken into account when assessing applications.

We will only fund projects that are sporting in nature. To help determine if a project is sporting we use the Council of Europe definition of sport:

“All forms of physical activity which, through casual or organised participation, aims at expressing or improving physical fitness and mental well-being and at forming social relationships.”

Address

This is the location of the project or facility or where sports equipment will be used. You must enter at least one line of the address and the county. Eircodes should be provided.

Location

Zoom in on the map and click on the location of your project. For equipment projects please indicate the location where the equipment will be used most (the satellite version may be easier to use). Alternatively, you can enter the longitude and latitude coordinates. **It is vital that you accurately locate your facility on the map as scoring for disadvantaged status will be primarily based on the location you choose.**

In determining the score for disadvantaged status we will also take into account information provided on page 3 of the application form (“ Site Management”).

Details of proposed project and costs

In this section you should set out the different parts of your project and the cost and priority of each part. You can rearrange the priority listing afterwards.

As funding is limited, it is vital that you break down the parts of your projects and the cost of each part as much as possible. Failure to adequately break down the cost of your project may make it difficult to allocate any funding towards it.

For example if your project includes resurfacing a tennis court, erecting a fence around the court and installing floodlighting, you should include a price for each separate element in your application and indicate the priority you place on each element. If you only provide one overall cost and there is not enough money to fund all 3 elements you may receive no funding at all. If you provide separate costs for each element, it may be possible to fund elements of the project.

Below are lists of items that we do and do not fund. These are only examples and do not cover every possibility.

All projects must be accessible to people with disabilities and capital projects must conform to the 7 principles of universal design www.universaldesign.ie.

If you only include items of equipment, the OSCAR system will not seek information and supporting documentation on planning permission or title.

Eligible elements of an application will be considered for funding even if other elements of the project are ineligible.

We do fund:

- Natural grass sports pitches, tracks and courts (including pitch drainage)
- Artificial sports pitches, tracks, courts and multi-use games areas
- LED Floodlighting
- Fitness studios
- Security fencing, CCTV systems and pitch side fencing (where these are deemed essential)
- Ball stop netting and goal posts
- Hurling walls / handball alleys
- Walking/jogging tracks
- Building or refurbishment of dressing rooms, showers and toilets
- Building or refurbishment of sports halls, gyms or fitness studios
- Modifications to sports facilities to improve access for people with disabilities.
- Modifications to sports facilities to reduce energy consumption

- Non-personal sports equipment such as gym equipment⁴, lawn mowers and other maintenance equipment up to a value of €30,000, ⁵and defibrillators. Equipment grants of over €50,000 will only be awarded in exceptional circumstances (such as to National Governing Bodies of Sport).
- Portable storage containers/sheds up to 25 m² are considered equipment but larger modular buildings that require planning permission and/or foundations are considered capital works and require proof of title (see page 5 of application form)
- Any other capital projects that are clearly sporting in nature and that will increase participation in sport or improve performance (see definition above)
- Covid-19 related works or equipment deemed essential to allow facilities to continue in use

A more comprehensive list of what we fund is available on the drop down list on this page of the application form. If you wish to apply for an item not covered on this list please contact the Department for advice.

We do not fund:

- Running or Operational costs
- Non-LED floodlighting
- Viewing stands
- Car parks, roads or landscaping
- Children's Playgrounds
- Bars, kitchens, sleeping accommodation, offices or other parts of a project that have little or no sporting content
- Projects (or elements of projects) where work has already commenced.
- The building or renovating of swimming pools
- Routine maintenance (including the resurfacing of artificial pitches funded by the SCEP in the last 10 years)
- Applications from schools, ETBs and 3rd level colleges that are not made jointly with at least one sports club (see separate section on schools, ETB and 3rd level colleges applications on page 6 of this guide)
- Hunting
- Luxury equipment or facilities such as spa facilities or pleasure craft
- The repayment of loans (a separate tax relief scheme for donations to sports clubs can be used to fund the repayment of loans see www.revenue.ie)
- The purchase of land or buildings (a separate tax relief scheme for donations to sports clubs can be used to fund the purchase of land see www.revenue.ie)

⁴ . All gym equipment funded must be accessible to people with disabilities
<https://www.gov.ie/pdf/?file=https://assets.gov.ie/22798/16dbbb4249904b46a13d31cca975717f.pdf#page=1>

⁵ A maximum grant of €30,000 applies to all maintenance equipment.

It is mandatory to add at least one element of your project on this page.

Quotation document

At least one professionally prepared quotation or pre-tender estimate must be uploaded for all aspects of the project (including equipment). This can be one or more documents but must cover everything being applied for. The following types of documents are acceptable as quotes:

1. An estimate prepared by your technical supervisor (typically an engineer, quantity surveyor or architect).
2. A quote from a contractor/supplier
3. Extract from a catalogue/website (for equipment only)

If quotes are not provided for any aspect of the work, only the other parts of the project will be considered.

National/regional projects

If you are planning a national or regional facility you must include a letter from your national governing body of sport confirming the regional status of the project.

Regional or National projects (maximum grant of €300,000) include:

- national centres of excellence for one or more sport (e.g.: national rowing centre, national stadium for boxing)
- 6-8 lane synthetic running tracks,
- county and/or regional centres of excellence (including but not limited to: GAA county training grounds and centres of excellence, premier and first division league of Ireland clubs, FAI centres of excellence, provincial rugby grounds and training centres),
- Local Authority projects seeking between €150,000 and €300,000
- Sports facilities at 3rd Level Colleges (must be made jointly with a local club or sports group) and
- Applications from NGBs.

If you are unsure about whether or not your project is national/regional please contact the Department for advice.

Facilities that have received regional funding in the past will be considered regional in the future and cannot apply for local funding.

APPLICATION FORM PAGE 2: MEMBERSHIP/PARTICIPATION

About your Organisation

SCEP funding is only available to organisations that are run on a not-for-profit basis and that are owned and run on behalf of the members. In making allocations, priority will be given to organisations:

- that charge modest annual membership fees
- that do not charge significant once-off entrance fees
- that are affiliated to the relevant National Governing Body of Sport

If your sport has an NGB recognised by Sport Ireland you should be affiliated to your NGB or supply a very good reason for non-affiliation.

Sports clubs and organisations must also be open for new members and must not have any restrictions on who may join or on who may obtain full membership e.g. a club where only a particular trade or group of people can join or access full membership is not allowed.

About your Membership

On this part of the page we also wish to collect information on the number of people using your current facilities. This can include club members (or students for school applications) members of other organisations that you have licence agreements with and other casual users.

APPLICATION FORM PAGE 3: SITE MANAGEMENT AND CURRENT FACILITIES

What facilities do you have on this and/or other sites at present?

Use this page to tell the Department about your current facilities. Please give full details of all of the sports facilities owned by your organisation at this or other sites. The list should include details such as number of changing rooms and number of pitches. Local Authorities, ETBs and Diocesan Trusts need only include facilities on the site where this application is located. This information may be shared with Sport Ireland for the purposes of compiling a national database of sports facilities.

Fill in details of each type of facility you have. For example a club with 3 grass pitches, one with floodlights and 3 dressing rooms should fill in 3 lines:

Type	Number
Natural grass pitches	3
Floodlights	1

Dressing rooms	3
----------------	---

Details about usage

Where possible you should set out how you plan to attract disadvantaged groups to use your current or planned facilities⁶. Such initiatives could include offering lower cost access to people with disabilities, the unemployed or pensioners. If you are not located in a disadvantaged area, do you attract participants from nearby disadvantaged areas to use your facility? Are there any groups in your area such as people with disabilities, migrants or members of the traveller community who could be encouraged to participate more in sports? What specifically will you do to encourage such groups to use your facilities? Is the proposed project likely to benefit those suffering from mental health issues?

APPLICATION FORM PAGE 4: OWN FUNDING

Use this page to tell the Department how much funding you are seeking and to give details of the own funding that you are putting towards the project.

How much to apply for

The maximum grant available for local club/organisation projects is €150,000. It is envisaged that this amount will only be allocated in exceptional circumstances. Maintenance equipment grants will be capped at €30,000 and equipment grants of over €50,000 will only be awarded in exceptional circumstances (such as to NGBs). The maximum grant available for regional projects is €300,000 (see page 11 for details of what are considered national and regional projects).

In assessing your application, we will consider if your project is realistic in terms of scale, costs and grant assistance sought.

Own funding

All organisations, other than local authorities, must make a minimum contribution of 5% of the total project costs from your own funds. This can be in the form of a loan or savings. When assessing applications, we give higher marks to organisations that show they can provide a higher percentage of own funding (with weighting in favour of disadvantaged areas). You should therefore contribute as much own funding as you can towards your project. The level of own funding available may be taken into account in allocating a grant.

Local Authorities must make a minimum own funding contribution of 30% of the total project cost.

⁶ This information will be taken into account in scoring your application.

Your own funding plus the amount of money being applied for must, at a minimum, cover the full project cost.

Evidence of Own funding

You must upload evidence of your own funding in one or more of the formats below (**no other forms of evidence of own funding such as letters from NGBs or benefactors, overdrafts, copies of clubs' accounts or future fundraising estimates are acceptable**):

- At least one statement from a financial institution or from the GAA Development Fund. The statement(s) **must include the name of the organisation**, the details of the financial institution⁷ and the closing balance on the statement(s). This will be used to verify the amount of own funding you have available towards the project. Statements must be dated within 3 months of the application deadline. If it is a joint application or if the applicant has more than one bank account, a statement can be included for each account. Overdrafts cannot be used as own funding.
- If the level of own funding includes a loan, your financial institution must fill in and stamp the template provided at Appendix 1. Loans from the GAA Development Fund are not acceptable as own funding.
- Local Authorities, ETBs and 3rd Level Colleges can provide a letter confirming that the required own funding is in place.

It is mandatory to upload at least one document that shows your own funding.

APPLICATION FORM PAGE 5: PLANNING PERMISSION AND TITLE / OWNERSHIP / ACCESS

Planning permission

Your application will get extra marks if you upload one of the following:

1. Evidence of a current planning permission application by way of a document from your Local Authority Planning Department with the planning reference number (or part 8 reference number for Local Authorities) or a copy of the planning application, (stamped by the Local Authority Planning Department and with the planning reference number) for any aspects of your project that require planning permission.
2. A copy of the grant of planning permission for any of the aspects of your project that require planning permission. Local Authorities must provide the extract from the minutes of the council meeting where the part 8 application was passed, or a letter from the planning department confirming approval of the Part 8. **This planning permission must be current at the time of application.**

⁷ The Department will accept prize bonds.

3. The completed template to confirm that your project does not need planning permission (this can be downloaded on this page of the website or copied from appendix 2 of this guide).

Any successful applicant will have to provide details of either 2 or 3 above before any grant can be paid out.

Title/Ownership/Access

If you are applying for sports equipment only

You do not need to provide any evidence of title. Instead, if you are successful in your application, your organisation will be required to sign a declaration committing to keep the equipment in sporting use for at least five years.

If you own the land or have a registered lease

If you own the land or have a registered lease with at least 15 years remaining at application stage and your title is registered in the Property Registration Authority you can apply for up to €150,000 in funding for capital works⁸.

Organisations with a registered lease with between 5 and 15 years remaining, can only apply for a maximum capital grant of €50,000 over a 5 year period. Your solicitor can advise you on title issues.

In this case your solicitor must complete, stamp sign and date the template provided at appendix 5 (this can also be downloaded from the website). All questions must be answered.

If you do not own the land or do not have a long lease

If you do not own your land or do not have a registered lease with at least 15 years remaining you may only apply for a maximum of €50,000 towards capital works. However, if in 2014, 2015, 2017 or 2018 you received a capital grant towards this site, the maximum combined value of grants, including any 2020 grant, is €50,000. This only applies where the applicant has sole occupancy of the premises (i.e. we cannot accept applications from a club that makes use of another club's facilities, instead the application should come from the owners themselves).

⁸ To register a lease in the Land Registry it must have at least 21 years remaining at the time of registration. A shorter lease can be registered in the Registry of Deeds

If the property owner is entitled to apply for an SCEP grant in their own right then they must make the application e.g. a club that has access to school facilities cannot make an application as the school should be making the application.

In this case the owner of the land must fill out the template provided at appendix 4 (this can also be downloaded from the site) confirming that he/she has no intention of taking the facility away from your organisation for a minimum of 5 years. All questions must be answered.

If the land where the proposed facility is to be located is owned by a Local Authority and you do not have a lease registered in the Property Registration Authority, the Local Authority should make the application on your behalf.

You may also apply for sports equipment for which you do not need to provide any evidence of title. In any case the maximum total grant – capital plus sports equipment – cannot exceed €150,000 for local projects or €300,000 for regional/national projects.

Schools on Department of Education Land including Community and Comprehensive schools

These schools need to use the template at Appendix 5a to obtain written permission from the Department of Education to develop the proposed facilities. In order to allow sufficient time for appraisal, the Department of Education may require up to 4 weeks to assess the proposed development in advance of submitting the application online.

Unless you are applying for equipment only you must upload either proof of title or proof of continued access to the site. In both cases you MUST use the appropriate template supplied.

APPLICATION FORM PAGE 6: EVIDENCE OF SHARING

Schools, ETBs, Diocesan Trusts and 3rd Level Colleges may only apply for funding **jointly** with local sports clubs or community groups. All organisations involved must be registered on the OSCAR system.

Community Centres and sports halls that are not owned by a single sports club will gain extra marks for sharing without having to provide licence agreements. Likewise, ETB run Outdoor Education Centres⁹ do not need to provide licence agreements to gain marks for sharing.

Applications from clubs/community groups will gain additional marks by demonstrating availability of the facility for schools or wider community sports groups.

⁹ See <https://www.etbi.ie/outdoor-education/> for a full list.

In both cases applicants must provide copies of formal legal agreements (e.g. a licence agreement between school and club(s) - please refer to your solicitor for further information) that make your facilities available to local clubs and/or the local community for a minimum of 20 hours a week throughout the year.

Other elements that would strengthen a joint school/club application include a joint board of management and/or a joint bank account for the grant aided facility. Guidelines on what a licence agreement should contain are set out in appendix 3.

The organisation that owns the land where the project is proposed must make the application on the OSCAR system.

If you are making a joint application with another organisation you cannot make a separate application under your own name, unless you are a Local Authority, National Governing Body or Education and Training Board.

Upload a copy or copies of formal legal agreements (e.g. a licence agreement between school and club(s) - please refer to your solicitor for further information) that make your facilities available to local clubs and/or the local community for a minimum of 20 hours a week throughout the year. Guidelines on what a licence agreement should contain are set out in appendix 3.

If your application is from a school/ETB/college or diocesan trust or if you wish to gain additional marks for sharing the facilities you must upload at least one licence agreement [here](#).

APPLICATION FORM PAGE 7: SUMMARY AND SUBMISSION

To make an application you must press “save and submit” on this page. If you do not submit the application it will not be considered.

When you have submitted your application you are strongly advised to save and/or print the Grant Application Submitted page as evidence of making your application.

The deadline for applications is 5pm on Friday 12th February 2021

Please note that once an application is submitted it cannot be edited or added to.

TERMS AND CONDITIONS

Freedom of Information

Any member of the public can seek access to records held by Government Departments under the Freedom of Information Acts.

Under the Freedom of Information Acts, we may release details contained in applications and supporting documents, on request, to third parties. If there is information contained in your application which is sensitive, please contact us separately to identify it and explain why it should not be disclosed. If we are asked for sensitive information, we will consult you before making a decision. However, if you do not identify any information as sensitive and provide supporting reasons, we may disclose it without any consultation with you.

Disclaimer

The Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media shall not be liable to the applicant or any other party for any loss, damage or costs of any nature resulting directly or indirectly from the application or its subject matter or our rejection of the application for any reason.

The Department, its servants or its agents shall not at any time in any circumstances be held responsible or liable for any matter connected with developing, planning, financing, building, operating, managing and/or administering individual projects or any matter connected with the part payment by the Department of invoices submitted by grantees.

Applicant's statement on behalf of organisation

I/we certify that I/we have read and understood the Guide and criteria to making an application under the 2020 Sports Capital & Equipment Programme and agree to comply fully with all the terms and conditions. I/we understand that decisions on applications and allocations are final.

I/we certify that all information in this application and all information in any supporting documents is truthful and accurate and that I/we accept that if any information is found to be false or misleading that the Department may withdraw grants, require repayment of all or part of a grant and/or bar applications from this organisation for a period of time. I am also aware that the Department may inform the Garda Síochána.

I/we agree that from the date of the grant, I/we will not deny anybody access to any facility or part of a facility for which we receive a grant on the grounds of gender, civil status, family status, age, disability, race, sexual orientation, religious belief, or membership of the Traveller Community without just, reasonable and proper cause. I/we agree that from the date of the grant, I/we agree that the organisation will remain open for new members for a period of 5 years for equipment grants and for a period of 15 years for capital grants.

I/we acknowledge the organisation's obligations under the Children First Act, 2015 <https://www.tusla.ie/children-first/children-first-guidance-and-legislation/>

I/we agree that any grant allocated on foot of this application may be withdrawn if the grantee does not make sufficient progress to draw down the grant as set out in any letter of allocation.

The General Data Protection Regulation ("GDPR") came into effect on 25th May, 2018. The Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media has a Privacy Policy in line

with the GDPR regulations. You can read the Department's updated Privacy Policy at <https://www.chg.gov.ie/help/legal-notices/privacy-statement/>.

As the primary contact for the organisation making this application the Department may contact you from time to time with relevant communications regarding the Sports Capital & Equipment Programme, on the basis that it is in our mutual and legitimate interest that the Department continues to retain and process your data.

By submitting this application you are granting consent to the Department to retain your contact information for the purposes of the administration of the SCEP.

HOW THE DEPARTMENT ASSESSES APPLICATIONS

The Sports Capital & Equipment Programme can only fund projects that are sporting in nature – whether competitive or recreational.

While assessing projects, we may consult with other government departments, local authorities, Sport Ireland and national governing bodies of sport.

In making allocations, we aim for a good spread of funding between different areas and a wide range of sports. In terms of how projects are assessed each of the factors below are considered to arrive at an overall score for each application. The overall score is a key factor in making allocations.

Criterion 1 **Likelihood of increasing participation/improving performance**

How will the project increase active participation in sport (in particular female participation) and/or improve standards of sports performance in line with clearly stated targets? Fees charged will be considered in relation to this criterion. Priority is given to facilities likely to increase actual participation in sport. Bar facilities, landscaping and car parks will not be funded under the Programme. The highest marks under the criteria are likely to be only awarded to projects in disadvantaged areas (based on the POBAL index of disadvantage) and those that specifically target people with disabilities or with mental health issues.

Criterion 2 **Sharing of facilities**

Applicants can score marks under the Sharing of Facilities criterion only if they submit licence agreements demonstrating the sharing of facilities with other groups. Letters of support do not count.

Criterion 3 **Level of socio-economic disadvantage in the area**

We will prioritise facilities in disadvantaged areas. The score is allocated in accordance with the Pobal Deprivation Index for the project location <https://maps.pobal.ie>. If details are provided in the application setting out how disadvantaged groups from outside the immediate vicinity will use the facility, these will also be considered.

Criterion 4 Technical merits of the project

Marks are awarded for providing evidence of a planning application, planning permission or evidence that you do not need planning permission and for the quality of the quotations provided.

Criterion 5 Level of own funding available

Local Authorities are required to contribute 30% towards the cost of the project. All other applicants are required to contribute at least 5% towards the cost of the project. Additional marks are awarded where the applicant is contributing a higher proportion of own funding. **Projects in disadvantaged areas require a lesser level of own funding to achieve the maximum marks available under this criterion.** However the mark will be diminished where the own funding is primarily based on loans.

Criterion 6 Level of SCEP funding received in the past 10 years

Preference is given to applicants who have not received significant grants under the scheme in the last 10 years. Applicants with more than €100,000 outstanding for 4 years or more may have their marks under this criterion reduced.

The scoring system will be finalised and published prior to assessment work commencing but it is not expected that the scoring system will change significantly from the most recent round. The scoring system which applied to the last round of the SCP can be found at <https://www.gov.ie/en/publication/d31d21-2018-sports-capital-programme-scoring-system-and-assessment-procedure/>

Applicants must note that funding is limited and that this is a competitive process. Simply meeting the minimum criteria under the headings above does not guarantee funding.

What happens if your application is successful?

Work commenced or equipment purchased before grants are announced will not be eligible for funding.

If your application is successful, your organisation will be given a **provisional allocation**. Certain terms and conditions must be met to secure **formal approval**. The exact terms and conditions will depend on the value and purpose of the grant and how much money your organisation has been allocated in the past. **You should not sign any contracts or start any work on the facility until the Department has issued Formal Approval.** Once formal approval has been secured you can start work and draw down the grant.

If you have received generous capital funding in the past you will be asked to enter into Deeds of Covenant and Charge as a guarantee that the facility will be used for the purpose you have stated in your application.

Where the landlord is a State Authority, a tripartite agreement between the applicant, the State Authority and the Department, with the consent of DPER, will suffice in place of a charge. State Authorities include Departments of State and the OPW.

How are grants paid?

We pay grants in stages as your project proceeds by reimbursing your costs.

Once you have obtained formal approval you make a Payment Request (on the OSCAR system) and upload the relevant supporting documentation (particularly paid invoices and evidence of payment). Under the 2020 SCEP we will reimburse you a percentage¹⁰ of paid invoices until the value of the grant has been issued.

We will only reimburse you for works/equipment for which Formal Approval has been issued and **no reimbursement will be issued for invoices settled with cash.**

The tax clearance status of the grantee and of suppliers/contractors (supplying works or goods worth more than €10,000) will be checked before any payment will be released.

In respect of capital works we will reserve 5% of the grant until we receive the following:-

1. A photograph of the sign, stating that the project has been funded by the Sports Capital & Equipment Programme with proceeds of the National Lottery, prominently displayed at the facility.
2. Confirmation from your technical supervisor that the works have been satisfactorily completed in all respects and that the Defects Liability Period has expired and that all matters are in order.
3. Confirmation that any legal charge on the grantees property has been registered.

Reimbursement is made by electronic funds transfer to the designated bank account of the grantee.

¹⁰ The exact payment rate may vary.

APPENDIX 3: INFORMATION ON THE PREPARATION OF LICENCE AGREEMENTS BETWEEN PARTIES TO JOINT APPLICATIONS UNDER THE SPORTS CAPITAL & EQUIPMENT PROGRAMME

Please note: Please refer to your solicitor for advice on drawing up a suitable licence agreement. It is the responsibility of applicants to instruct their solicitors and to ensure that any legal agreements that they enter into are appropriate to their individual circumstances. The information below is for information purposes only and does not constitute legal advice on how licence agreements should be drawn up and the Department of Tourism, Culture, Arts, Gaeltacht, Sport and Media shall not be liable to the applicant or any other party for any loss, damage or costs of any nature resulting directly or indirectly from the information contained in this document.

Schools, third level colleges and ETBs may only apply for funding **jointly** with local sports clubs or community groups. Local sports clubs or community groups may gain additional marks by demonstrating availability of the facility for schools or wider community sports groups.

These applications must provide evidence of the sharing of facilities in the form of **formal licence agreements** signed by the clubs, school and/or other community sports groups that will allow the parties to the application to use the proposed facilities throughout the year when it is not being used by the applicant themselves.

Elements of a licence agreement

While the precise wording of any licence agreements is a matter for joint applicants and their respective solicitors, the Department will be checking that licence agreements include the following information:

- The name and/or address of the facility/proposed facility to be shared
- Names of all the groups that are party to the agreement – including a signature of a representative of each group
- The responsibilities of each of the parties to the agreement for example: insurance, liability insurance, maintenance, cleaning
- Details of any times when the facility is available to each party and any access arrangements
- The period for which the licence is effective – open ended or for a minimum of 15 years
- Any limits on the purposes for which the facility can be used
- Any joint management arrangements – management boards, financial contributions and any joint bank account
- Any charging/funding arrangements for the use of the facilities – including who sets fees or rent and who pays them
- Any dispute resolution arrangements or forfeiture clause

APPENDIX 4: TEMPLATE FOR LANDLORD TO CONFIRM CONTINUED ACCESS TO SITE/PROPERTY – FOR CAPITAL ALLOCATIONS OF €50,000 OR LESS ONLY

LETTER OF CONFIRMATION AND AGREEMENT REGARDING USE OF PROPERTY THE SUBJECT OF A GRANT APPLICATION BY THE OCCUPIERS UNDER THE SPORTS CAPITAL & EQUIPMENT PROGRAMME

Only to be used for applications seeking capital funding of €50,000 or less where the applicant does not own the land or does not have a long lease – see pages 14-16 in the guide to making an application for details. **If the landlord is entitled to apply for SCEP funding in their own right then they must make the application.** This can only be used where the applicant has sole occupancy of the land/building for the 5 year period.

Name of Club/Organisation: _____

Address of facility: _____

I/we _____ (enter full name of the legal owner of the property/facility) confirm that:

1. I/we acting as the _____ (state in what capacity the person signing this agreement is acting e.g. owner, director of the company which is owner, trustee holding the property in trust etc.) own the above site/facility.
2. The site/facility has been occupied by the above named club/organisation since (insert year) _____ and the organisation uses this facility on the basis of _____ (state on what basis the club/organisation occupies the property e.g. lease, rental agreement, licence, informal agreement) and is available to that organisation on an on-going basis according to their needs
3. I/we are aware that the organisation is applying for a grant of €50,000 or less (under the Sports Capital & Equipment Programme) to develop the site/facility and that I/we have agreed to the proposed works/development
4. At the present time I/we have no intention of selling, developing or otherwise changing the use of this site/facility for a minimum period of 5 years from the date of the payment of any allocation made on foot of the grant application
5. At the present time I/we have no intention of barring, evicting or otherwise limiting the access of the club/organisation to the site/facility for a minimum of 5 years

CONTINUES OVERLEAF

- 6. Should the above club/organisation cease to use to the site/facility for sporting purposes that I/we will make reasonable efforts¹² to find another sports club/organisation group to operate the facility for the remainder of the 5 year period referred to at 4 above.
- 7. Should I/we not make reasonable efforts to find a suitable alternative user for the site/facility, we will repay the Department any unexpired value of the grant as determined by the Department. The unexpired value of the grant will be calculated by notionally writing off 1/5th of the total grant for each completed year from the date on which the grant is drawn down.

Signed:	_____	Witness:	_____
Name:	_____	Name:	_____
Address:	_____	Address:	_____
	_____		_____
	_____		_____
Date:-	_____		_____

Must be within 12 months of application deadline

¹² The Department defines “reasonable efforts” as advertising the availability of the site/facility on an annual basis for the duration of the unexpired portion of the 5 year period and endeavouring to find a replacement club/organisation to use the grant aided facility for sporting purposes for that duration.
