

CLUB COMMUNICATIONS 2024-25 SEASON

Date Sent	7 th October 2024
Subject(s)	Opening Weekend Review

Dear all

Thanks again for all your help in getting matches played over the weekend, some of which brought with them varying degrees of stress! Just worth a brief recap on some of the issues from the last week or so:

E-SCORING – LOGGING IN

Please remember that there is not only a different login for men's and women's teams, but also a different login for scoring matches and for validating teams. To log in to the e-scoring system, you need to use the correct men/women log in that finishes “_Stats”

Some were experiencing problems with their team passwords, but the support desk has found no issue with access to the system and, in addition, I was able to validate teams using the logins and passwords sent to clubs, which didn't work at the venue. My only suggestion would be, perhaps, to change the passwords to more memorable ones, because from what I can see, passwords appear on the screen as a series of asterisks, rather than the characters typed.

If you need me to resend the current login details, and where to change passwords, please let me know asap.

PLAYER TRANSFERS

Just a reminder that if a player is joining you from another club, they must complete a transfer request, and my suggestion would be to ask the question of any players who do join you.

The NLMC will then consider the transfer but, also, it allows the club they are leaving to both be in the loop, but also temporarily stop the move if there are matters to be resolved between player and club.

For the avoidance of doubt, any player who joins your club without submitting the transfer paperwork remains ineligible to play for you until they have and approval has been confirmed.

Simply changing clubs on JustGo isn't a valid method of completing a transfer.

PLAYER REGISTRATION

As detailed in the rules, the cutoff for players successfully registering for the next match week is 5pm on the Tuesday of that week. That process now includes club admins on JustGo adding those players to the NL teams listed against each club. Without that last step, we cannot issue the correct player number, so please ensure that you have added players to those NL teams before 5pm on the Tuesday. Beyond that point, it is likely the player will not be eligible to play and, for the sake of consistency and fairness to all, the NLMC won't “make any exceptions”, or allow “just this one”.

Again, please don't leave this last step to the last minute, and plan ahead to ensure nothing is left to chance. Please note that these registration rules apply in all divisions, including Division 3.
